WHO WE ARE

IPE AFRICA
Expanding Horizons. Enriching Lives.

Locally Led & Globally Connected

IPE Africa is locally led, committed to advancing Africa's vision of inclusive, resilient, and sustainable growth. With established operations in Kenya and Ethiopia and a growing footprint across the continent, we work alongside governments, development partners, philanthropies, financial institutions, and the private sector to design and deliver solutions that respond to Africa's evolving priorities.

Our strength lies in combining deep local understanding with world-class technical expertise, translating policy into practical action and delivering measurable results where they matter most.

Backed by nearly three decades of experience of the **IPE Global Group**, IPE Africa brings together the complementary strengths of its group companies - **Triple Line & SAMRIDH Impact Solutions** to offer end-to-end development solutions.

Advancing health & education outcomes through **Stronger Financing & Data Systems**

Strengthening International Partnerships through balanced North-South and stronger South-South cooperation

We work at the intersection of local leadership, global expertise, and evidence-based impact. Aligning with Africa's national priorities and Agenda 2063, we partner with diverse stakeholders to design and deliver solutions that strengthen systems, empower communities, and create lasting change.

LEADERSHIP PERSPECTIVES

India-Africa South-South collaboration is a catalyst for scalable, locally led development. Co-creating solutions and strengthening partnerships by scaling locally led innovation and shared learnings can accelerate progress on the UN Sustainable Development Goals and deliver lasting impact across Africa and the Global South.

Ashwajit Singh
MD & Founder, IPE Global

Africa matters to us because its story is not only about development, but about creating equitable opportunities and restoring dignity at scale. Our greatest responsibility is to ensure that every investment translates into greater inclusion, stronger local capacity, and opportunities that enable individuals and communities to thrive.

Mwende Mutulu
Country Head - Kenya

WHY US?

With established teams in Kenya and Ethiopia, and the complementary expertise of **Triple Line and SAMRIDH Impact Solutions,** we combine deep local insight with global technical expertise. From strategy and evidence generation to implementation and scale, we deliver integrated solutions that drive lasting impact.

Trusted Local Leadership

Established presence, deep contextual understanding, and long-term partnerships that enable locally led, sustainable delivery.

Proven Delivery at Scale

A proven track record of translating policy into measurable outcomes for governments, communities, and development partners among others across Africa.

Integrated Group Expertise

An integrated model that combines local leadership, global technical excellence, and innovative financing to design, deliver, evaluate, and scale sustainable development solutions.

Trusted Partnerships

Long-standing partnerships with diverse stakeholders including national governments across Africa.

Evidence-driven, Future-ready Solutions

Embedding climate resilience, digital innovation, gender equality, and local capacity strengthening into all programmes.

LEADERSHIP PERSPECTIVES

Real progress is about putting people at the centre of development and ensuring that every intervention delivers meaningful, measurable outcomes. When solutions are designed to scale and built for sustainability, they create an impact that extends well beyond the life of a programme.

Mathis Primdal
COO, Triple Line

Africa's greatest asset is its young population. Unlocking their potential requires more than investment. It demands a commitment to skills development, digital innovation, financial inclusion, and an environment where women can realise their full economic potential.
